

Cranberry® Moisture Lock Gloves Cross Reference Chart

MOISTURE LOCK

Prevent
DRY SKIN
conditions

In order to promote skin integrity, we have developed an innovative line of products coated with a proprietary formulation of Lanolin and Vitamin E created to soothe symptoms of dehydration and irritation. Moisture Lock® series gloves help to internally protect by preventing skin irritation such as dryness, itching, and cracked skin.

Please note that we have a full series available and to always check others availability when one glove is out of stock. Please reach out to Cranberry directly, or your preferred distributor if you have any questions regarding what's the best alternative.
